Issue No. 6

June 2013

JUNE IS DAIRY MONTH Fun Facts

- The first cow in America arrived in the Jamestown colony in 1611. Until the 1850s, nearly every family had its own cow.
- The first regular shipment of milk by railroad was between Orange County, N.Y., and New York City and began in 1841.

June is Dairy Month Dairy Recipe Corner....

Strawberry Frozen Yogurt Squares

- 1 cup grapenuts cereal
- 3 cups fat-free strawberry yogurt
- 1 (10-ounce) bag frozen unsweetened strawberries (about 2 1/2 cups)
- 1 cup fat-free sweetened condensed milk
- 1 cup light or fat-free whipped topping (optional)

Line an 8x8-inch baking pan with foil. Sprinkle cereal evenly on the bottom of the pan; set aside.

Place yogurt, strawberries and condensed milk in a blender; cover and blend until smooth. Pour the mixture over top of cereal, gently smoothing yogurt mixture to edges of pan. Cover with foil (or plastic wrap) and freeze for 8 hours or until firm. Use edges of foil to loosen and remove from pan; let recipe thaw for 5 to 10 minutes. Cut into squares, top with whipped topping, if desired, and serve.

Fly season is here and that means an increased risk for pinkeye. If you have not vaccinated your animals for pinkeye it is not too late. Ask your veterinarian about the **NEW** SoliDose pinkeye vaccine.

SoliDose technology gives you the ability to administer two doses of vaccine at the same time.

Using the SoliDoser device, tiny pellets are administered subcutaneously in the neck or in the base of the ear. The Immediate Release(IR) antigen pellet provide the initial dose. The Programmed Release (PR) antigen pellet provide an automatic booster dose.
